

Exhibit 10-B
Pending Renewal Applications

The instant application and other concurrently filed assignment applications request Commission consent to the assignment of authorizations issued by the Commission from certain broadcast licensee subsidiaries of Clear Channel Communications, Inc. ("Clear Channel") to Frequency License, LLC ("Frequency"). Several of the broadcast stations licensed to such subsidiaries are the subject of pending applications for renewal of license. This statement is submitted in furtherance of the Commission's policy permitting processing of multi-station assignment applications that involve a subset of stations with pending renewal applications where (1) no basic qualifications issues against the assignor and assignee were raised or, if raised, were resolved favorably, and (2) the assignee explicitly assents to standing in the stead of the assignor in any renewal proceeding that is pending at the time of consummation of the assignment.¹ Frequency hereby agrees to succeed to the position of Assignors in any pending renewal applications, consistent with the procedures set forth in *Shareholders of CBS Corporation*.

¹ See, e.g., *Shareholders of CBS Corporation*, 16 FCC Rcd 16072, 16072-73, ¶ 3 (2001) ("The Commission repeatedly has held that, in multi-station transactions, it will grant the transfer of control application while the renewal application is pending as long as there are no basic qualification issues pending against the transferor or transferee that could not be resolved in the context of the transfer proceeding, and the transferee explicitly assents to standing in the stead of the transferor in the pending renewal proceeding.").
